Preferred airports:			
1) Verona - Distance to Riva 1 hour			
2) Milan - Distance to Riva 2 hours			
Rental Cars:			
1) You don't really need a car while in Riva. Nice for day trips around the lake			
2) Better to team up with someone and share a rental car if possible			
3) European cars are typically manual transmission.			
4) Cars are typically small so rent the largest you can afford for gear			
5) Plenty of long term parking garages in Riva, many of the hotels below have their own lots			
Accommodations:			
1) Please try to book something in Riva. It is very inconvenient to stay outside Riva in a nearby city			
2) Book something as close to the center of Riva as possible - use Hotel Centrale as a reference point			
3) Hotel Centrale, Hotel Sole, Hotel Europa and Hotel Portici are the best hotel options			
4) These hotels typically include breakfast with your rate			
5) I prefer to use VRBO and get a 1-2 bedroom apartment anywhere in Riva - typically the cheapest			
6) Depending on your departure date, I typically check out on Easter Sunday and stay that night in a hotel near my departure airport (particularly if you have an early Monday morning flight			
Equipment / Travel Gear - See seperate checklist
